RECIPES FOR SUCCESS: DECORATIONS

The apron represents a cape that an average everyday superhero would wear. Not all super hero's wear capes though, which we learn from the story "Lunch Lady".

We created a basic house hold kitchen that contained nutritional items hidden about the counter top of the kitchen. For example, there was a fruit bowl, carton of eggs, a gallon of milk and a block of cheese. We had the kids search and locate these nutritional items and if they guessed correctly they won a prize.

RECIPES FOR SUCCESS DECORATIONS

This is the wall we incorporated everyone that is involved year round in making our "Recipe for success". We show cased photos and showed our appreciation.
